Re: Purdue Pharma Bankruptcy Case Claims

Iv got a substantial claim against Purdue Pharma and we have not heard a word in over a year, except for some new foreign company that claims to be handling the funds, we where under advisement the prime clerk was handling the claims and disbursement of funds granted by the court, Frankly sounding like a scam and they refuse to answer any inquiries. A legitimate company or court clerk advocate would answer without hesitation.

I am dying and demand some answers, I'm also in prison so my resources are limited. And my family are stone walled when they try to find out where our money this court granted - they also claimed some of us where given attorneys - that also seems to be a scheme for we write them and get no replies, I have 45 years documented opioid Purdue Pharma Medication Addiction - even to this day im listed in medical as chronic narcotic and receive Percets twice a day for the last 15 years and that is verifiable via federal medical records in Bureau of Prisons. Please I filed one two years ago, I want to leave my wife children with a gift when i die, I'm not well now and cannot even afford to pay my funeral costs - Let me know whats going on please
